

The Complete User Manual

Getting maximum value from the Plaza, in partnership with your Plaza managers

BUYERS Finding & Ordering What You Need

- **Browse by category** from the homepage, or search Storefronts to see every registered shop at once.
- **Add items to your cart** — even from different shops in the same visit. Quantities and totals calculate automatically.
- **Checkout via WhatsApp** — your itemized order, with totals, goes straight to the seller. No retyping anything.
- **Negotiable or "Starting From" prices** are shown honestly — not folded into a fake total, so you always know what's fixed and what's up for discussion.
- **Can't find what you want?** Post it on the "I'm Looking For This" board and let sellers come to you directly.

SELLERS Setting Up Your Shop Right

- **Register once** — pick your category, add your first product, and pay the one-time shop space fee (Paystack or bank transfer).
- **Choose your pricing style** per product: Fixed Price, Starting From, or either one marked Also Negotiable — pick what fits how you actually sell.
- **Made a mistake?** "Edit Details" in My Shops lets you update your name, phone, address, and bank details anytime.
- **Clear photos sell faster** — a shop with real product images gets noticed before one without.

Growing With the Plaza

The unique tools built to help your business specifically

SELLERS Getting More Business Calls

- **Watch for Boom Days** — a scheduled, coordinated push of real traffic to your category, announced with a countdown so you can prepare. Completely free.
- **Fellow-Plug support** — when you order from another registered seller, we quietly let them know. Real community, not just competition.
- **Reply fast on WhatsApp** — speed of response is often the real difference between a sale and a lost customer.

EVERYONE More Ways to Use the Plaza

- **Jobs Portal** — post a vacancy (flyer upload or typed, your choice) or browse admin-verified listings.
- **Request Board** — buyers post what they need, sellers respond directly. Demand and supply, matched in the open.

BONUS Free Resources Worth Knowing

- **Get your TIN** free at taxid.nrs.gov.ng — builds real trust with customers and banks.
- **Register your business** with CAC (cac.gov.ng) — SMEDAN currently offers free registration for qualifying small businesses too.
